

VISION

Gabmididi Manoo Children and Family Centre has a strong focus in supporting Aboriginal families with young children to provide the best possible start in life. It supports children and families to achieve the best possible learning, health and wellbeing outcomes in a universal setting with targeted responses for families who may require additional support.

WE VALUE

RESPECT TRUST COMMUNICATION HONESTY NURTURE

OUR AIMS ARE TO ENSURE:

1. Children have optimal health, learning and development.
2. Parents provide strong foundations for their children's healthy development and wellbeing.
3. Communities are child and family friendly.
4. Aboriginal children are safe, healthy, culturally strong and confident.

PHILOSOPHY STATEMENT

Gabmididi Manoo Children and Family Centre in collaboration with its partners will actively support families to recognise and grow aspirations for themselves and their children as they move into the world on their own.

We believe:

- That powerful learning happens in the everyday
- That a successful person is one who finds something they love to do, is generous, empathetic and compassionate, committed to repairing the world, shows grit and the ability to collaborate, creativity and can take constructive criticism.
- That we must welcome all differences that come from the uniqueness of each child and their family
- That all families have different strengths and knowledge
- That it is important to support our families and their children to have a voice

We will:

- Provide an enriched learning and play environment, where children and their families can freely chose activities and their thinking is not dominated by the educator
- Guide, inform, model and instruct our children and families
- Build on the strengths of our children and their families
- Actively listen to our families and children and value their voice
